A GREAT SOLUTION FOR HANDLING UP TO 20L IN LOW-NOISE ATMOSPHERES

Constructed of strong and durable stainless steel with vulcanized rubber chimes, our sterling-quality kegs readily serve as first-rate storage containers for safeguarding the quality of your beverages. THIELMANN RSR Kegs range from 10 to 20 litres and are made of deepdrawn with perfectly smooth internal surfaces. The rubber ends are hot-vulcanised under very high pressure to the metal shell, ensuring a perfect adherence. They are suitable for all kind of beverages including our special version made for the soft drink industry. They are easy to clean, maintain and are built to last. Thanks to customization options, our kegs represent a solution where you would be proud to have your brand on.

THE BEST QUALITY SYSTEM

Thanks to an optimized manufacturing process we can verify the quality from the pre-production stage up to the final inspection, where our pioneering leak detection unit can fully check the complete unit (keg including the valve).

PREMIUM STAINLESS STEEL

Our kegs feature top-grade austenitic stainless steel. This material ensures a great protection against corrosion and guarantees years of services even in heavy duty work.

STAINLESS STEEL SAVES CO₂. 100% RECYCLABLE

The use of stainless steel as the base of all our products reduces the carbon footprint and protects the environment, as stainless steel recycles forever.
