

TPN CUBICAL IBC

Excellent dimensional stability.
Protected interior tank due to rigid transport frame.
Crane openings in the frame for attaching a crane harness or crane hooks.
Welded tank feet ensure even weight transmission .
100% recyclable.

CUBIC IBC FOR STORAGE AND TRANSPORT OF LIQUIDS WITH PROTECTING FRAME

COMPLETE EMPTYING GUARANTEED

The robust construction allows long-standing performance as a reusable container. With great variety in sizes and non-wearing construction which allows continual re-use, the TPN container made of stainless steel meets all your requirements.

Our striving for quality and perfection ensures the highest possible degree of safety and longevity. Your requirements and our pioneer culture give rise to customized, innovative products made of stainless steel.

PRODUCT APPLICATIONS

Transport and storage of products used within the food, pharmaceutical, coating and chemical industry.

Transport of hazardous materials according to ADR, RID and IMDG (UN approved).

MODEL	VOLUME (LITRES)	MAX. WIDTH (MM)	MAX. LENGTH (MM)	MAX. HEIGHT (MM)	MAX. WEIGHT (MM)	MAX. DENSITY (KG/L)
TPN 500	500	1010	1210	1040	145	2,0
TPN 800	800	1010	1210	1305	160	2,0
TPN 1000	1000	1010	1210	1550	175	2,0

CERTIFICATIONS

- UN certification available
- Storage container according to TRbF20

HANDLING

- Suitable for forklift and hand pallet truck handling
- Suitable for crane handling
- Stackable

ADVANTAGES

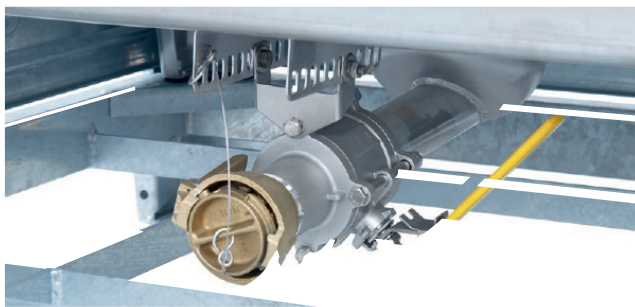

- 30 min fire resistance with screw cover
- Highest security for flammable products
- Rubber buffers acting as vibration dampers and are used for decoupling between tank and transport frame
- Longlasting durability
- Complete emptying of residues

Robust transport frame for protection of interior tank
Crane openings in frame supports for fixing of lifting beams of crane hooks.

Deep drawn top head and bottom assure high form stability
Screw cover with hinge closing by 6 hammer bolts with wing nuts
Pressure relief valve UH/D2 (latest opening at +0.65 bar)

Forklift protection plate 4-sides for protection of outlet and outlet mountings .
Robust base frame by additional cross bracings.
Outlet via welded ball calotte and outlet pipe.

TOP-QUALITY THIELMANN CONTAINERS MADE OF HIGH-GRADE STAINLESS STEEL FOR DEMANDING BRANDS.

THIELMANN serves a large variety of customer industries around the world with the most complete range of stainless steel containers in the market.

We are aware your industry is extremely demanding and involves exhaustive controls and certifications. It is absolutely essential to obtain containers which ensure maximum quality and safety, and which keep the characteristics of the chemical products which they contain intact.

THIELMANN is an expert on the subject. Because we have the know-how and the highest quality product to ensure unbeatable standards of hygiene, protection, and assurance.

To find out more about how our containers can add value to your products by simplifying their storage and transport, contact us with no obligation.
