# CERTIFIED QUALITY

## RIGOROUSLY TESTED AND FULLY ACCREDITED STAINLESS STEEL CONTAINER SOLUTIONS

Now, more than ever before it is key that your container solutions carry the relevant certifications or approvals proving that they have met specific safety and quality standards. Quality control is a key part of our business, and thanks to our global reach we are well-versed in the international expectations demanded from us by our customers to achieve these certification requirements.

We have many years of experience in managing these quality assurance processes with clearly defined practices,

documentation and control procedures which confidently deliver exhaustively tested and fully accredited certified solutions, delivering quality that is second to none.

THIELMANN containers can be adapted to comply with all international markings and regulations, offering total assurance and peace of mind that our solutions have met the rigorous standards to assure quality, safety, and protection of the environment and human life.

Our technical team will assist you to guarantee that your products are safely stored and transported from the point of origin to the destination fulfilling all the requirements that apply to them. Please contact us to request further information about any certification or approval needed.

# STAINLESS STEEL KEGS

## THE MOST COMPLETE RANGE OF PREMIUM QUALITY STAINLESS STEEL KEGS

Our industry leading manufacturing processes produce kegs using the highest quality materials (AISI 304 austenitic stainless steel), which deliver unrivalled hygiene standards, protect your beer from UV light, pollution particles and corrosion. THIELMANN kegs leave the organoleptic properties of your beverage unaltered, regardless of its handling and climatic conditions.

- Containers from 5 to 100 litres, all stainless steel or with rubber chimbs.
- All format DIN, EURO, US standard... allowing us to cover any country, any region.
- Different diameters and capacities, kegs to be personalized as per customer's specification.
- We can offer embossing of top/bottom chimbs, color banding, silk screen printing, tagging, tracking solutions...

TYPE	VOLUME liters	DIAMETER Ømm	STACKABLE
EURO	20L - 60L / 5gal - 16gal	385 / 395	Optional
DIN	20L - 50L / 5gal - 163gal	363	Optional
US	1/2, 1/4, 1/6 BBL	237 / 229 / 278 / 395	Optional
SLIM KEG	5L - 30L / 5gal - 7gal	229 / 237 / 250 / 278 / 280 / 300 / 309	Optional
RSR	5L - 20L / 1gal - 5gal	237 / 258 / 264 / 316	Optional
CASK	4,5 / 9 gal	306 / 385	Optional

When you rely on THIELMANN, you are relying on a global engineering team, receiving a solution with a geometrically perfect design and, most important of all, we are ready to adapt to your specific needs. Our kegs are easy to clean, maintain and are built to last. A solution where you would be proud to have your brand on.

**The use of stainless steel as the base of all our products reduces the carbon footprint and protects the environment, as stainless steel recycles forever.**

### Key advantages:

- Ergonomic hand holes
- Protective rolling rings
- Drain holes
- Overpressure safety disc
- Internal and external pickling & passivation
- Helium leak test
- Personification marks

## EURO KEG

### EURO STANDARD BEVERAGE KEGS, FEATURING Ø 395MM

Constructed using high-grade austenitic stainless steel our EURO kegs provide unbeatable protection for your beverage. Not only are they 100% UV resistant, they are also 100% recyclable, reducing your carbon footprint. Our state-of-the-art keg manufacturing process delivers kegs that we guarantee will provide many years of service, even in heavy duty work. They are easy to clean and maintain, and are built to last a lifetime. Thanks to our branding and labeling options, our kegs represent a total solution which you would be proud to have your brand on.

#### VOLUME

20 - 50 Liters / 5 - 13 Gallons

## DIN KEG

### DIN STANDARD BEVERAGE KEGS, FEATURING Ø 363 MM

Constructed using high-grade austenitic stainless steel our DIN kegs provide unbeatable protection for your beverage. Not only are they 100% UV resistant, they are also 100% recyclable, reducing your carbon footprint. Our state-of-the-art keg manufacturing process delivers kegs that we guarantee will provide many years of service, even in heavy duty work. They are easy to clean and maintain, and are built to last a lifetime. Thanks to our branding and labeling options, our kegs represent a total solution which you would be proud to have your brand on.

#### VOLUME

20 Liters / 5 Gallons

## SLIM KEG

### SLIM BEVERAGE KEGS, FEATURING SMALLER DIAMETERS (USUALLY Ø 229, 237 AND 278MM)

Constructed using high-grade austenitic stainless steel our Slim Kegs provide unbeatable protection for your beverage. Not only are they 100% UV resistant, they are also 100% recyclable, reducing your carbon footprint. Our state-of-the-art keg manufacturing process delivers kegs that we guarantee will provide many years of service, even in heavy duty work. They are easy to clean and maintain, and are built to last a lifetime. Thanks to our branding and labelling options, our kegs represent a total solution which you would be proud to have your brand on.

#### VOLUME

5- 30 Liters / 1 - 7 Gallons

### US STANDARD BEVERAGE KEGS, MEASURED IN BBL (BARREL)

Constructed using high-grade austenitic stainless steel our US kegs provide unbeatable protection for your beverage. Not only are they 100% UV resistant, they are also 100% recyclable, reducing your carbon footprint. Our state-of-the-art keg manufacturing process delivers kegs that we guarantee will provide many years of service, even in heavy duty work. They are easy to clean and maintain, and are built to last a lifetime. Thanks to our branding and labelling options, our kegs represent a total solution which you would be proud to have your brand on.

#### VOLUME

19.8 - 59.43 Liters / 5 - 15 Gallons

## RUBBER STEEL RUBBER KEG

### QUIET PERFORMANCE. DEEP DRAWN KEG WITH TOP AND BOTTOM CHIMES MADE OF RUBBER

Every space has different requirements and THIELMANN knows this only too well.

Our rubber steel rubber kegs are deep-drawn and feature top and bottom chimes made of rubber which are hot-vulcanized under very high pressure to the metal shell ensuring perfect adherence. Rubber ends protect delicate surfaces and also result in less noise during handling. Our kegs range from 10 - 30 liters and are suitable for all kinds of beverages.

#### VOLUME

20 Liters / 5 Gallons

## STAINLESS STEEL CASKS

### THE SMART CHOICE FOR YOUR REAL ALE

The original draught beer tap was nothing more than a simple device to control the flow of beer from a cask leaving the just residual hops inside. Our casks allow brewers to develop traditional beer recipes naturally carbonated in the cask.

According to various organizations, a real ale can only be made by using traditional natural ingredients which are left to mature in the cask through a process of secondary fermentation, before being served.

Our casks enable brewers to create these unique tasting beers and develop the extraordinary aromas which differentiate them from processed beers.

#### VOLUME

17 - 68 Liters / 4 - 18 Gallons

## STARTER KEG

MINIMIZE EXPENSIVE CLEANING AND FILLING EQUIPMENT COSTS  
WITHOUT COMPROMISING ON QUALITY

Starting a new business is difficult, so let us help you make it a little easier.

Here at THIELMANN we understand that when you are launching your business, you as a brewer require maximum flexibility.

The Starter Keg removes the need to invest in expensive cleaning and filling equipment because it's clever hand hole cover allows for safe and easy manual cleaning whilst its Sankey type spear gives you the flexibility to fit the keg to any conventional beer dispensing equipment.

 **VOLUME**  
20 Liters / 5 Gallons

## CORNELIUS STYLE KEG

AN INTELLIGENT AND FLEXIBLE SOLUTION FOR THE SOFT DRINKS  
INDUSTRY

The THIELMANN Cornelius Style Keg, also referred to as a "Corny Keg", is the ideal vessel for the pressurized storage and transportation of "pre-mix" soda commonly used within the soft drinks industry. Choose between two different diameter sizes, the ø237mm option or the ø216mm format and there are also available a choice of stainless steel grades, including 1.4301 /1.4404 and 1.4571.

 **VOLUME**  
9 & 18 Liters / 2.5 Gallons & 5 Gallons. Additional sizes available under request

# SERVICES FOR KEGS

## EVERYTHING YOUR KEG NEEDS - ALL UNDER ONE ROOF

THIELMANN can help your brewery grow with our ever expanding range of keg servicing programs including keg maintenance, repairs, customization services, tagging services, cleaning, inspections, testing and re-branding. Taking the hard work out of servicing your keg fleet, allowing you to focus on brewing.

Our experts have a wealth of experience in helping breweries re-purpose used keg fleets with our customizable re-branding services, which can be tailored to your specific needs, to repair, refurbish and fully re-brand your used keg fleet.

## A KEG POOL IS ONLY AS STRONG AS ITS WEAKEST KEG

Kegs can be damaged in a variety of ways throughout the supply chain. We offer a fully customizable service and repair program that ensures your fleet is in optimal condition and increases the reliability and durability of your initial investment - **saving you money by removing the need for equipment replacement.**

Our cutting edge lean processes mean as a business we can offer our services at excellent value, making us the number one choice for brewers, of any size, throughout the world. THIELMANN will help your brewery grow with our ever expanding range of keg servicing programs.
